

Setting and Achieving Financial Goals

In **Jeremiah 29:11-13** God says: *"For I know the plans I have for you," declares the LORD, "plans to prosper you and not to harm you, plans to give you hope and a future."* God has a plan for all of us. He has given us financial resources in order to accomplish His plan for our life. Did you know that there are over 2,350 verses in the Bible that have to do with money and possessions? God's Word is full of insight related to financial planning. Through our financial counseling process, we will use God's Word to help you set and achieve financial goals based on biblical principles that honor God. Some of those goals may include:

1. Developing a Spending plan to help you live within your means and be free to use the financial resources that God has given you for more than just paying the monthly bills.
2. Developing a debt reduction that in most cases can help you get out of debt in one-third that time that it would normally take you just paying normal minimum payments.
3. Developing a plan to save for future needs such as children's education, retirement, and other major life events.
4. Developing a giving strategy to glorify God and support God's Kingdom work around the world.
